

FIVE SOCIALISTS EXPELLED FROM N. Y. ASSEMBLY

Leaders Will Carry
Fight Into the
Courts

COMES AFTER LONG DEBATE

ALBANY, N. Y., April 1.—The five Socialist members of the state assembly—Louis Waldman and August Claessens, of New York; Samuel A. Dewitt and Samuel Orr, of the Bronx, and Charles Solomon, of Kings county—were expelled from the lower house of the legislature today by an overwhelming majority.

The next step in the fight against the Socialist party, characterized as a traitorous party by the assembly judiciary committee which recommended, after investigation into the charges of disloyalty against the five Socialist assemblymen that they be expelled from the assembly, will be taken in the legislature tomorrow. Bills designed to carry out the recommendations of the judiciary committee that appropriate legislation "be enacted to the end that hereafter no party, group or political organization in which aliens are acceptable as members or whose principles, policies or agreements are responsive to the national or state, composed of persons not members of the electorate of the nation or state shall be privileged to occupy the position of a political party on the official ballot of this state," are expected to be introduced in the assembly.

"The results speak for themselves," said Speaker Thaddeus C. Sweet, initiator of the ouster movement, when after the assembly had unseated the Socialists he was asked if he had anything to say.

Legislative circles tonight were discussing the statement given out tonight by Louis Waldman and Charles Solomon two of the ousted assemblymen in which they said "the workers by whom we were elected must and will be driven from the ballot box, where shall they go?"

Reports, reaching here from New York that the Socialists would appeal to the courts were given little or no attention, most members of assembly declaring that the courts could review the action of the assembly of the five men—the entire representation of the Socialist party in the assembly—came after members debated the majority report of the judiciary committee for nearly 24 hours.

The first Socialist to be excluded was Louis Waldman, the lower house voting separately on each of the members, accused of disloyalty. The vote on Waldman was 115 for and 23 against. It was by the same vote that Claessens and Solomon were ousted. On the roll call on the committee's recommendations to expel Orr and Dewitt, twelve members, nine Republicans and three Democrats, who voted to declare the seats of Waldman, Claessens and Solomon vacant, changed front and voted against expulsion. Thousands of words were spoken for and against the Socialist assemblymen before the final roll call. Members of both parties clamored for recognition throughout the long hours of the night so they could have their speeches read into the records.

Will Fight in Courts.
New York, April 1.—The five Socialists evicted from the New York assembly today will appeal to the supreme court and if necessary to the United States supreme court, S. John Block, state chairman of the Socialist party, announced tonight.

"The fact that action was taken by a majority of the assembly does not establish the constitutionality of that action in any way," he said "in fact the action of the assembly was the most unconstitutional ever taken in the history of Democratic government in the United States."

"These men met all the constitutional qualifications of membership in the assembly and by no interpretation of the constitution can one political party, aided by a minority party, or any group of political parties, constitute itself the supreme and only power over the platform and principles of any other political party. The voters only are the censurers, with power to approve or reject."

"To allow this decision to go unchallenged would be tantamount to acquiescence in the establishment of autocratic government in the United States."

Samuel Orr, one of the deposed assemblymen said:

"The five Socialist assemblymen have been permanently ousted from New York state legislature. It has been decreed that the expression of minority opinion shall banish from the assembly. This is the first time that such a thing has been done in any state or city legislature in this country."

FATE OF SIXTEEN YEAR OLD ST. LOUIS GIRL IN HANDS OF JURY

Charged With Murder of
Step Father—State Asks
First Degree

ST. LOUIS, Mo., April 1.—The fate of Ursula Broderick tonight rests with twelve men. The case of the sixteen year old girl, charged with first degree murder for killing her step father, Joseph F. Woodcock, who was shot to death April 14, last, went to the jury early tonight. Judge Klene, presiding, ordered that a sealed verdict be returned and when after two hours no word had come from the jurors, Judge Klene adjourned court and instructed the jury to report at 11 o'clock tomorrow morning.

Assistant Circuit Attorney William O. Reeder, conducting the prosecution, urged that a conviction be returned on the charge as made, which would carry with it a sentence of life imprisonment. Judge Klene, in instructing the jury, stated that conviction could be returned either on the original charge or that the defendant could be found guilty of second degree murder or manslaughter in the fourth degree. The penalty for murder in the second degree is from 10 years to life imprisonment, for the manslaughter charge from three months in jail and a fine of from \$100 to \$500, up to two years in the penitentiary.

The girl took the stand in her own behalf today and told the story of the shooting, which she claimed was done to protect her honor. The revolver which she used she testified had been bought with the intention of killing herself on account of the treatment she received from her stepfather. The morning the killing took place she said, her stepfather had carried her from her bed to his own. The revolver was concealed in her night gown, she continued, and convinced that Woodcock meant to harm her, she fired the shots that ended his life.

The state is attempting to prove that the killing is the result of a plot between the girl and her mother, Mrs. Lillian Woodcock.

Mrs. Florence McLaughlin, a witness, admitted that she had been offered money to testify for the defense. According to Mrs. Broderick's testimony, Mrs. McLaughlin had accompanied her home on one occasion and Woodcock had driven the latter away and had then sought to attack his stepdaughter.

Mrs. McLaughlin declared on the stand that she saw or heard nothing improper on Woodcock's part at the time in question. Other witnesses testified that Woodcock had had trouble with his wife and stepdaughter and the police matron, who took charge of the girl after the killing, said there were scratches on Ursula's body that looked as though they were received in a struggle.

NO EFFORTS MADE TO PREPARE SHIPS

WASHINGTON, April 1.—Charges that the navy department had made no effort from 1915 to 1917 to prepare ships for the Pacific fleet for war were made before the senate naval investigation committee today by Rear-Admiral William F. Fullam, who commanded that force and directed all allied naval operations in Pacific waters during the war. Armored cruisers in reserve on the Pacific coast were not made ready the officer said, despite his repeated recommendations. Even after the outbreak of war in Europe, he said, the department was "indifferent to the recommendations of senior officers that steps be taken to prepare."

CHICAGO STOCK YARDS STRIKE ENDS

Chicago, April 1.—More than 7,000 Chicago stock yards employees will be back at work tomorrow as a result of decision today by striking feeders and stock handlers to return to their jobs and arbitrate their wage differences. Judge Samuel A. Schuler was appointed to officiate. The freight embargo on livestock entering Chicago was lifted immediately. Decision to end the strike of the 900 feeders and stock handlers who had been out four days, came after the mediators of the department of labor had conferred with the men.

The mediators told the men they were striking in violation of their agreement with the Union Stock Yard & Transit company, their employer.

WILL TOUR JAPAN

Chicago, April 1.—Twelve members of the University of Chicago baseball team who will tour Japan and the Far East during the spring and summer, applied for passports today. The players will go in charge of Fred Merfield, instructor at the University of Chicago, and Herbert L. Crisler of Carleisle, Ill., and Clarence Vollmer of Alma, Mich.

FLYERS PICKED UP AT SEA

Baltimore, Md., April 1.—A plane was picked up in a sea plane for 15 hours without food. Major Sidney E. Parker, of the British army and Miss Blanche Frazer arrived here today on the steamship Hilton by which they were picked up on Sunday last.

ESCORT WOMEN FROM CAPITOL GROUNDS

Washington, April 1.—Bearing banners and the freedom for Ireland a woman attempted a demonstration today before congress. They were escorted from the capitol grounds by police.

COMPLETE PLANS TO PUT G.O.P. PEACE RESOLUTION THRU

Measure is Favorably
Reported by Foreign
Affairs Body

WILL VOTE NEXT WEEK

WASHINGTON, April 1.—Republican leaders in the house completed today their plans to put through a resolution declaring a state of war with Germany at an end. The measure was favorably reported today by the foreign affairs committee and will be taken up next Thursday under a nine hour debate rule which will bring the vote on Friday.

Action of the Republicans drew the fire tonight of Homer S. Cummings, chairman of the Democratic national committee. He said it marked "about the lowest point of moral capacity to which Republican leadership has descended."

It was an attempt, he added, to use the treaty of Versailles "without first accepting it," and could and probably would lead to international complications, the seriousness of which it is difficult at this time to conjecture. The resolution was reported on a strict party vote by the foreign affairs committee.

Later Republican leaders revised their plan to call the measure up Monday because of the probable absence of members on that day owing to the Easter holidays. They had no doubt that it would be adopted, although the Democrats were lining up against it. Cummings indicated that the necessary two thirds to carry it over a presidential veto could be obtained. In that connection Mr. Cummings said he did not think for one moment that the president would sign such a resolution. He said the house was attempting to exercise powers it did not possess.

Discussing the general political situation Mr. Cummings indicated that the Democratic leaders expected to have the aid of the president in the coming campaign. "I hope that the president will be able to participate actively in the campaign," he said. "He is improved in health and while he may not be able to take the stump, he can still write and be can always be heard thru his writings."

Asked for the Democratic view of the announcement of Herbert Hoover as a candidate for the Republican presidential nomination Mr. Cummings said:

"It is always a bad thing to see an essential Democrat attempt to liberalize a stand-party. Suppose we let that stand."

Mr. Cummings said he assumed that the question of justice and liberal conviction of the Volstead prohibition enforcement act would be "before the San Francisco convention and also the Chicago convention."

STATUS OF YANKS ON RHINE DEFINED

Washington, April 1.—President Wilson informed the house today in response to a resolution of inquiry that American troops on the Rhine still were controlled by the terms of the armistice and were subject only to his orders as commander-in-chief of the army.

Field Marshal Foch of France the President said, has no jurisdiction over the troops nor are they in any way controlled by the decisions of the allied Rhineland commission which makes ordinances and rules for the governing of the territory police by the allied armies of occupation.

Major General Allen commanded the American troops. The president wrote his under his control to preserve order and to repel any attack which may be made upon him.

SOCIALISTS MUST STAND TRIAL

CHICAGO, April 1.—William Bross Lloyd, millionaire sergeant-at-arms of the communists labor party, and 37 other defendants must stand trial on indictments charging them with conspiracy to overthrow the government by force.

Judge Oscar Hebel, in criminal court, today dismissed a motion to quash the indictments, which were returned by the grand jury under the new state law against criminal syndicalism.

COURT TAKES HAND IN BOUNDARY TROUBLE

Washington, April 1.—The supreme court at the request of the government today took a hand in the boundary controversy between Texas and Oklahoma, involving the Red River valley oil lands, and issued two injunctions to remain in effect pending final decision in proceedings instituted by Oklahoma.

CONSIDER SOLDIER RELIEF LEGISLATION

Washington, April 1.—Soldier relief legislation was considered by the house ways and means committee today in executive session but no agreement was reached.

SUFFRAGE RATIFICATION IN DELAWARE FAILS

Dover, Dela., April 1.—The ratification resolution to make Delaware the thirty-sixth state necessary to write the woman suffrage amendment into the constitution of the United States went down to defeat in the house of representatives today. The vote was 22 to 9 but before the result was announced, three members changed from yes to nay to place themselves in a parliamentary position to move for reconsideration, and one member who was not down as voting asked to be recorded in the negative. This made the official vote 26 nays to 6 yes.

After the vote the house adjourned until Monday. In a parliamentary sense, according to the rules of the legislature the suffrage question is not dead for the special session but legislative leaders generally conceded that the hope for confirmative action in both houses in a forlorn one.

An identical ratification resolution is still in the senate, where suffragists claim a majority of one. Suffragists who still hope for affirmative action say that the house has three legislative days to reconsider today's vote and that if this fails, it was still possible for the house to take a vote on the senate resolution if it is passed by the upper body.

After the vote was announced there was great cheering among the men and women opponents of suffrage. Anti-suffrage members were surrounded by enthusiastic women who showered them with congratulations and red roses while suffragists, wearing the yellow daffodil sadly walked from the chamber, some of them in tears.

WAGE NEGOTIATIONS BETWEEN OWNERS AND MEN ARE BROKEN OFF

Rail Representatives Demand
That Public Be Given Voice
in Proceedings

WASHINGTON April 1.—Wage negotiations between the conference committees representing the railroads and the unions were broken off tonight when the railroad representatives declined to continue consideration of demands which have been estimated to total \$1,000,000,000 unless the public was given a voice in the proceedings.

Under the provisions of the transportation act, the wage controversy now will be referred to the railroad labor board, which is yet to be appointed by President Wilson. The law provides for three representatives of the public on the board.

B. T. Whittier, chairman of the railway executives conference committee, announced the decision in a statement which said the two sides were in disagreement as to the provision of the transportation act.

The union representatives were said to hold that the law contemplated an agreement between the railroads and the employees prior to any opportunity for participation by the representatives of the public. The railroad committee-men held that such an agreement might be reached, but they did not believe that congress ever contemplated that a controversy involving so great an addition to transportation cost and in which the public is therefore so vitally interested should be disposed of by direct negotiation.

M. Whittier's statement said in part:

"The representatives of the railroads take the position that they could not assume the responsibility of adding such a burden to the costs of transportation which are necessarily borne by the public without the full knowledge and consent of the public and that they must therefore decline the requests and let the entire matter be disposed of as provided in the transportation act."

BREAK IN CHICAGO STRIKE SITUATION

CHICAGO, April 1.—A break in the city hall strike situation came late today when two groups of employees agreed to submit their wage differences to arbitration. The two groups, one of garbage handlers, went back to work today and 74 food inspectors in the health department decided to return tomorrow.

Settlement of the strike of 1,000 clerks and stenographers was brought near also, union officers promising Mayor Thompson they would urge the strikers to go back to work and arbitrate the wage question.

The city's firemen continue threats to resign and 700 fire fighters in addition to 500 who acted yesterday signed resignations to take effect April 7. However, a committee was appointed to present their case to the mayor and it was decided to return to work after April 7 in case of an emergency.

The clerks' strike prevented the payment today of salaries to 5,000 policemen and firemen.

CONSTRUCTION WORK IN SIOUX CITY CRIPPLED

SIOUX CITY, Iowa April 1.—Construction work in the city was crippled today by a strike of 1,500 members of the building trades. The laborers, hodcarriers, plasterers, electricians, hoisting engineers and iron workers quit because their demands for increased wages were refused. Plasterers asked an increase from \$1 to \$1.25 an hour, electricians 95 cents to \$1.25; laborers from 55 cents to 80 cents and 90 cents.

SERIOUS FIRE AT COLUMBUS

Columbus, O., April 1.—Fire this morning in the wholesale district practically destroyed four four-story brick buildings with an estimated loss of \$500,000.

Occupants of the buildings were the Ermer and Hopkins Electrical Co., the Livingston Seed Co., the Davis Clear Co., and the Simmons Shoe Co. Two firemen were injured, one seriously.

MARINE WORKERS COMPLETELY TIE UP NEW YORK HARBOR

Seek Continued Ob-
servance of Eight
Hour Day

NO ATTEMPT TO OPERATE

New York, April 1.—Guided by their experience on previous occasions, the Hoboken police went on the theory that an enormous stream of traffic would flow thru the Hudson tubes and over the Lackawanna lines and exceptional preparations were made to handle this traffic. Although no disturbances have been reported, strong detachments of police are guarding ferry houses on both sides of the Hudson.

Officials of the railroad companies affected announced they would make no attempt to operate ferries during the night but an intimation that strike breakers might be employed was given at the office of the Erie railroad where it was said the railroads would do all in their power to operate the boats and serve the public.

The strike, which also involves freight handlers affiliated with unions included in the Marine Workers' association and comes at a time when several thousand shore workers and longshoremen have stopped work, was called today.

The ferries and the tugs operated by the city, and harbor craft owned and controlled by the shipping board or other branches of the government will not be affected by the strike, union leaders said.

The men are striking according to the officers of the amalgamated union to enforce a continued observance of the eight hour day, which they say is threatened by the action of one of the railroads in selling parts of its tugs and harbor barges to a "so called independent company, not under jurisdiction of railroad regulations."

Private companies work under a ten hour day schedule according to William H. Mather, vice-president of the national association of masters, mates and pilots. While men involved in the strike recently presented demands for wage increases said by their leaders to amount to approximately fifty percent, both sides agreed this phase of the situation was not an issue in the existing trouble. The demands, it was explained, are now under consideration by the railroads.

TWO MESSENGERS ROBBED BY BANDITS

KANSAS CITY, Mo., April 1.—Three men in a motor car today held up two messengers from the Drovers National Bank, robbed them of \$45,850, representing the payroll of Swift & Co., and escaped. The men had not been captured tonight.

Late today a motor car identified as that driven by the robbers, as found in a residence section, in the city, several mail boxes containing \$740, a repeating shotgun, loaded, and a rain coat.

The car, police asserted, had been stolen early today. The holdup took place on the crowded 23rd street viaduct in the presence of pedestrians and persons in motor cars and street cars. The automobile containing the bandits approached from behind the motor car used by the messengers and cut in ahead of it. The messenger's car was forced to halt and two armed men leaped from the car ahead and ordered the messengers to holdup their hands. They did so and the bandits took from their car a satchel containing the payroll. The messengers were not armed.

SPEEDING UP MEAT SHIPMENTS DENIED

Chicago, April 1.—Railroad officials denied today that shipments sent by packers were handled with more speed than those of other patrons of the roads.

They were witnesses in hearings before the interstate commerce commission of a petition by the National Wholesale Grocers' association to restrict the business of the packing house industries.

Refrigerator cars are handled expeditiously, they testified, regardless of their ownership, or who the shipper is.

Charles Barr, a retail butcher and grocer of Kansas, testified that as far as he knew, shipments from packers are not handled more speedily than those sent by any other dealers.

The National Wholesale Grocers will present witnesses in support of their contention that the roads have been giving the packers better service than the service accorded to them tomorrow.

PANAMA CROWDS CHER PRINCE OF WALES

Panama, March 31.—Great crowds lined the streets and enthusiastically cheered the Prince of Wales as he went to the executive mansion to pay a formal call on President Lefevre today. Upon his arrival the prince was forced to go to the balcony from which he bowed his acknowledgments to the crowds.

GRAIN DEALERS SEEK TO RECOVER LOSSES DUE TO FIXED PRICES

Claim \$5,000,000 Lost by
Selling Wheat Sixty Cents
Less Than Market Price

WASHINGTON, April 1.—Grain dealers from Texas, Oklahoma, Kansas, Nebraska, Missouri, and Illinois appealed today to the house agricultural committee for legislation reimbursing them for losses claimed to aggregate \$5,000,000 in 1917 due to the fact that the price of wheat was fixed at 60 cents less than the current market price.

Herbert Hoover, former food administrator and Julius Barnes, president of the government grain corporation, were declared by the dealers to be responsible for the losses.

"We used every diligence to find out the attitude of the grain corporation and the food administrator but got little information," declared B. E. Clement, president of the Texas Grain Dealers Association and spokesman for the dealers.

"Congress would never have enacted the food control law if it knew that price fixing was planned," Mr. Clements said the grain dealers had vainly asked an indorsement of their proposal by Mr. Barnes, who told them that they ought to have known that a price was to have been fixed by the government.

"We showed him letters from Mr. Hoover and from his own office to the contrary," continued Mr. Clements, "and he intimated that we ought not to have believed them."

"But you did rely on their statements?" asked Representative McLaughlin, Republican, Nebraska.

"We took them to be men of their word," replied Clements. Lee G. Metcalf, representing the Illinois Grain Dealers' association said if there was ever another grain corporation when he was buying grain he would "get a outra hand."

E. J. Smiley, representing Kansas and Nebraska dealers, declared Mr. Hoover's announcement in August, 1917, of a necessity to reduce the price of bread grains was "infamous."

No action was taken by the committee.

FIVE CHARGED WITH SUPREME COURT LEAK

Washington, April 1.—For the first time in history a criminal indictment was returned today against persons alleged to have obtained advance information of a supreme court decision for the purpose of stock market speculation.

Ashton E. Embury, former secretary to Justice McKenna, was named as the man who disclosed the substance of the highest court's forthcoming decision in the Southern Pacific case last November. He was said to have received \$600 for the information, whereby the defendants, E. Millard Mayer, Jr., a New York broker, Barnett L. Moses, lawyer of Washington and James Harwood Graves, former assistant attorney in the department of justice were enabled to sell "short" 500 shares of Southern Pacific on which a profit of \$1,412.50 was made.

The indictment returned in the District of Columbia supreme court after months of investigation by the department of justice charged specifically, conspiracy to defraud the United States.

While there have been rumors of court leaks in the past, investigation always disclosed that they were without foundation.

OPERATORS WILL FIGHT REMOVAL PROCEEDINGS

CHICAGO, April 1.—Attorneys for 15 Chicago coal producers indicted at Indianapolis for alleged conspiracy for whom warrants were issued today will fight removal proceedings according to a notice served by the attorneys on District Attorney Clynne.

The men are to be taken before Commissioner Lewis H. Mason tomorrow to furnish \$10,000 bail each. They are:

Francis S. Peabody, G. B. Robertson, Walter S. Bogie, Robert E. Lee, J. C. Muren, C. M. Modewell, E. C. Searles, H. C. Adams, Fred Hunnold, J. K. Deering, John Connerly, H. A. Husky, C. H. Whitsett, Theodore Keller and R. W. Conover.

PEACE PROPOSALS

Vladivostok, March 22.—Proposals for peace between the soviet Russia and Japan, China and the United States are announced here by M. Vilenki, bolshevik envoy who recently arrived here from Moscow. The soviet government gives a pledge not to carry on propaganda in America, recognizes Japan's "special interest" in the Far East and renounces all claims to concessions in China.

LOWDEN FILES IN OREGON

Salem, Ore., April 1.—Governor Frank O. Lowden of Illinois, filed today with the secretary of state his declaration of candidacy for the Republican presidential nomination of Oregon. It was presented to the secretary by Joseph E. Dunne, Oregon campaign manager for Mr. Lowden, who also presented in behalf of the governor his platform and argument for the campaign. Senator Hiram W. Johnson of California, filed his declaration of candidacy several weeks ago.

UNION HEAD SAYS HIGH COAL PRICES NOT JUSTIFIED

Searles Gives Out Fig-
ures on Cost of Pro-
duction

DETAILS OF STATEMENT

NEW YORK, April 1.—Ellis United Mine Workers of America, declared today that 27 per cent wage increase just granted by bituminous workers does not justify the price increases of 65 cents to \$1.50 a ton which operators have announced will have to be made. He added that the increase in the cost of production could not exceed 40 to 50 cents a ton and disclaimed responsibility on the parts of the miners for the proposed price advance.

Union officials conferred today on the effects of the wage increase and the announced intention of mine owners to advance prices. It was after this informal conference that Mr. Searles issued his statement, in part as follows:

"When Fuel Administrator Garfield granted the miners a 14 per cent increase in wages, last fall, he said it could and should be absorbed by the operators, and that they could afford to pay it out of their profits. But the operators did not pay the increase out of their profits. Instead, they passed on the increase to the public on at 80 or 90 percent of the coal by increasing the selling price."

"We see operators quoted in the newspapers as saying they will advance the price of coal to \$1.25 to \$1.50 a ton because of the increase in wages granted to the miners. Such an increase would not be justified by the increase in wages."

"The wage increase was 27 per cent. This means that the increase in the cost of production cannot exceed 40 to 50 cents a ton."

"If the operators make an unreasonable or unnecessary increase in the price of coal, the miners want the public to know that they are not responsible for it."

"There will never be peace in the coal industry as long as the operators continue to exact excess profits from the public on the grounds that they are meeting a wage advance to the miners," said a union official. "The operators refuse to go back to the pre-war days of legitimate profits. They insist on continuing the practice of exacting enormous profits and as long as they do this the miners will not be satisfied."

In lifting price restriction by the fuel administration at this time, union officials declared that the government had erred and indirectly played into the hands of these operators. As 75 per cent of the nation's coal contracts are made about April 1, the miners say lifting the price ban at a time when so many buyers are in the market is sure to send prices higher than ever before.

Leaders of the mine workers declared that the two year agreement would be carried out to the letter. They predicted that they would face difficulty because of the proposed price advance.

With John Lewis, president of the mine workers looking after the miners interests the subcommittee of operators and miners negotiating a new agreement for the Anthracite coal fields part of the summer. The greater part of this time was taken up by the operators submitting statistics to refute the workers' demand for a sixty percent wage increase.

CHARGED WITH MURDER OF GIRL

STUEBENVILLE, O., April 1.—Mike Onankuk, aged 30, an alien miner of Ramsey, was lodged in the Jefferson county jail today charged with criminal assault and the murder of Frances South, 11-year-old Allen girl, who died near her home Thursday. The affidavit was filed by Prosecuting Attorney Roy Carpenter.

saving controversy? If people will but begin business an hour earlier they will effect just the same results as if the hands of the clocks were moved back.

One can con provision would greatly simplify the general election law. In fact, one day a year would be provided for holding elections, exception being made of the national election every fourth year. Certainly some simplification of the election laws is needed and the voters are not going to feel bad about it if they have a chance to vote for a proposal to put an end to primary elections.

Shurtleff college is not classed as a very large institution. Nevertheless, the trustees have a project underway for a million dollar endowment fund. The people of Alton are asked to give \$100,000 of this sum and the students

themselves have given the first \$1,000.

The Alton example is worth considering here in Jacksonville.

The state utility commission has called a hearing on certain Illinois freight rates to be held soon. The commission suggests that some shippers will thus have the opportunity to protest against certain rates that are now in effect.

With railroads showing figures to prove the necessity for more income in order to provide equipment and to pay wage increases, it doesn't seem probable that thru any hearing worth while reductions will come.

Mary Pickford will probably continue in the movie robes of innocent childhood. However, Mary's statement just after her divorce from Owen Moore that she had no thought of remarriage and subsequent developments do not fit in well with childish innocence.

But perhaps if the movie star loses caste with one class of theatre patrons she may gain friendships with others who will approve her the more because she has taken her place along with film and stage stars in this matter of marriage and divorce.

MONEY AND THE PRESIDENTIAL CAMPAIGN

Gen. Wood still fails to make much of an explanation about the vast sums of money that Senator Borah declares are being spent in the Wood campaign. However,

no less a political writer than Mark Sullivan has come forward with the story that it is this matter of money that caused a change in the management of the Wood campaign organization several months ago. Up until January 1 J. R. Black, an eastern man, was the manager and he undoubtedly secured large funds from some source for campaign purposes. He refused to tell how the money was received or how it was expended, and so Mr. Proctor became the Wood manager.

INITIATIVE AND REFERENDUM

No wonder farmers are not much in sympathy with the initiative and referendum proposal in connection with the constitution of the state. The initiative and referendum supposedly give to the poor down-trodden citizen a lot of rights that he does not now enjoy. There may be some protection in these measures for the plain citizen as against the bosses, but there is therein also a chance for a mighty lot of grief and expense. With such provisions in the constitution it is easy to understand how class or evil legislation might come to pass thru the lack of understanding on the part of citizens generally.

In Chicago, for example, laws would be proposed about which the people down state had little or no understanding. There are some high sounding arguments in favor of the initiative and referendum but these measures by no means afford all the protection they promise.

THE GOLDEN RULE DAYS MUST COME.

One great church denomination is fostering the Centenary movement, another the New Era. Then there is the Inter-Church World Movement. Perhaps out of all these great organized efforts there will come some influence which will help in stabilizing the present industrial and commercial unrest. There are strikes by the hundred in progress the country over and rumors of just as many more. Increase after increase is being granted. In many cases justified by living costs. But some day, certainly the peak must be reached. After all, the real solution of these troubles is not likely to come until people follow the golden rule more earnestly and a "full day's work for a full day's pay" becomes the ideal.

Rippling Rhymes
By Walt Mason

Holland's Stand
Dame Holland says (I rather like her, admire her nerve and dauntless will): 'I won't give up that famous piker whose maiden name was Kaiser Bill. It's no use rearing and pawing, your bluffs and pleas will cut no ice; we need the cordwood he is sawing, since coal is scarce and high in price. He piles up ricks of beech and maple, he drags huge sawlogs from afar; he whacks up elm, which is staple, wherever hearths and ranges are. In vain your talk, O special pleaders, in vain your protests and your roars; you'd like to have Bill hew your cedars and split your lovely sycamores.' Old Bill has laid aside his sabre to saw up logs, that pots may boil; and in these days of high priced labor he asks no money for his toil. In honest sweat his effort steepens him, said sweat is streaming from his brow; no wonder, then that Holland keeps him, and says she'd rather lose a cow.

OLD JACKSONVILLE

SARAH MEARS

By Ensley Moore

(Member Illinois State Historical Society)

Mrs. Sarah Mears, Elect Lady.

That hot June day of 1827, when "Father" Brich organized the First Presbyterian church of Morgan county—afterwards the First of Jacksonville—among those admitted by letter were Edwin A. Mears and his wife Sarah. They came from Shoal Creek Presbyterian church, Bond county, organized 1819. Mr. Mears was one of the subscribers to the salary of the Rev. Jno. M. Ellis, first pastor of the "First" church, in the call extended to Mr. Ellis March 15, 1830, and to another subscription for maintaining Mr. Ellis in his work, dated 1831.

In 1833 the Congregational church of Jacksonville was organized, and Mr. and Mrs. Mears became members of it.

Mrs. Mears From Georgia.

Mrs. Sarah Mears was the daughter of Robert and Fannie McCord, and she came to Illinois from Georgia in 1815, before this had become a state, in 1818. Mrs. Mears was probably related to Mrs. John Leeper—an other charter member of the "First" church—as Mrs. Leeper was Fidelity McCord, and came here from Georgia, by way of Shoal Creek. The McCords have been a fine family in the religious and other history of Illinois.

Here in 1821.

Mr. and Mrs. Mears came into Morgan county in 1821—four years before this town was laid out.

Mr. Mears had been a Congregationalist before joining the

Presbyterian church. This Jacksonville Congregational church was the third of that denomination organized in this state.

The writer has no means of knowing when Mr. Mears died, or how many children he and his wife had. But she, supposedly, never left this place as a residence. She occupied the house, on the south side of Morgan street, just east of the alley west of West street.

The Rev. Rollin Mears was her son—as the "O. J." man understands, and became a well known Congregational minister of good rank in his profession and denomination. He was

A Graduate of "Illinois" in the Class of 1838, and married Laura Savage, presumably of Quincy; as she made that place her home, after his comparatively early death.

Mr. Mears had the Congregational church in Griggsville, during "the fifties", and was a good preacher and a pleasant man to meet.

Mother Mears
died February 11, 1880, aged 79 years and 8 months. The Journal said of her: "Her character was of the Puritan type and during her life she kept before her as her pattern the life of her Master. Her life was pure; her conversation pure; and her only thought, hope and expectation was that when done with this troubled life, she wd. wake in the presence of the Master and the dear ones gone before * * *"

FINAL EXAMS IN COUNTY SCHOOLS

Pupils Will Assemble at Fifteen Schools for Tests Today

Final examinations will be held today in a number of Morgan county schools. The boys and girls who take the examinations today are the ones who made satisfactory grades at the central examinations held last month. The questions were sent out some days ago by H. H. Vasconcellos, county superintendent of schools, and the teachers in charge are familiar with the methods to be followed. The examinations will be conducted at the following schools under the direction of the teachers named:

Appalonia—Meta W. Darley.
Nortonville—Dorothea Scott.
Alexander—Margaret Duffner.
Yatesville—Rose Henderson.
Science Hill—Laura W. Conlee.
Pleasant Grove—Grace Jennings.

Sinclair—Mildred M. George.
Woodson—J. C. Colton.
Litterberry—Reaugh Jennings.
Elm Grove—Joyce Masters.
Concord—Floyd E. Davis.
Victory—Helen M. Smith.
Hickory Grove—Ina Mayes.
South Jacksonville—Burley Jones.

PLUMBERS ON DOLLAR AN HOUR BASIS

Members of the plumbers and steamfitters union No. 116 went out on a strike April 1. A number of weeks ago the union notified employers that effective April 1 they must have \$1 per hour and double time for overtime. This meant an increase of 25c an hour as the old schedule was 75c an hour. George P. Brown of the Jacksonville Plumbing Co. stated last night that later the offer had been changed to time and a half and he accepted the terms and entered into a new contract with his men.

WHITE HALL CHILD DIES FROM BURNS

Son of Mr. and Mrs. Fred Boyd Dies From Burns Inflicted When Handle of Coffee Pot Broke—City Council is Having Its Troubles.

White Hall, April 1.—The little son of Mr. and Mrs. Fred Boyd, age nearly five years, died at 5 o'clock this morning from the effects of a scalding received last Monday noon. The child's grandmother was in the act of pouring hot coffee when the handle of the pot broke off, and the entire contents spilled over the child with full force, inflicting burns that caused intense agony until relieved by death. The family resides five miles southwest of White Hall in the High street neighborhood. This fatality leaves the family childless, they having lost an older son about a year ago.

The fires of antagonism between the mayor and the members of the city council have broken out anew with the posting of notices of the annual city election to be held on the 21st when four aldermen are to be elected to succeed George Chism, Frank Campbell and Samuel H. Scott in the respective order of wards, whose term will then expire, and also an alderman to succeed Elmer Stout in the Third ward, who has resigned. The members of the council had arranged to bring about a vote for the election of all appointive officers, including the marshal, superintendent of streets and night police. This action was taken in order to prevent the mayor from having the power to make personal appointment.

Mr. and Mrs. P. N. Shuman are to become citizens of White Hall May 1st, when the latter's mother Mrs. G. W. Secor, returns to make her home in the Secor residence on Sherman street. Mrs. Secor has made her home with the Shumans since the death of her husband, the veteran C. & A. railroad agent, and the location here is quite convenient for Mr. Shuman's duties as passenger conductor on the C. & A., aside from the consideration that their residence in St. Louis has not been conducive to the health of these ladies.

March was warm and wet, according to the compilations of R. B. Pearce, cooperative observer of the weather bureau. The average temperature, 45.5 degrees, was 3.3 degrees above normal. The mean maximum was 54 and the mean minimum 33.1 degrees. The highest reading was 79 on the 27th and the lowest 3 above on the 7th. The total precipitation was 4.75 inches, 2.35 inches above normal. The greatest rainfall in 24 hours was 1.53 inches on the 25th. The precipitation includes 0.3 inch of snow on the 7th, which disappeared on the day that it fell. There were twelve days with 0.01 inch or more precipitation, seventeen clear days, three partly cloudy, and eleven cloudy. Thunderstorms occurred on the 2nd, 10th, 11th, 18th, 25th and 28th, and light hail on the 18th, which was reported to be considerable at some points east of White Hall. There were traces of sleet on the 3rd and 6th. An aurora on the

evening of the 22nd practically enveloped the northern horizon, and had a disastrous effect on telegraph circuits for several minutes, but did not seem to affect telephone circuits. The last week of the month was characterized by heavy winds, one period of gales lasting from 11 p. m. on the 27th to 5 a. m. on the 28th, doing extensive damage to wires and trees, but other property was not greatly damaged. Grasses first began to show a coat of green on the 12th.

Wants Public to Know About Natski Blood Purifier

This man was so well pleased with the results he obtained that he felt it his duty to inform the public regarding the wonderful results of Natski

Assumption, Ill., June 28, 1919.
To My Friends, and to Whom it May Concern:

I believe it my duty to inform the public that I was afflicted for about four years with rheumatism and a trouble in my left side. I tried a number of remedies recommended for my troubles, but no good could I get until I took Dr. Johnson's advice and went to taking NATSKI, and I am glad to say that two bottles cured me sound and my pain left me all over, side and all. Try it, my friends, and be convinced.

REAT LOSSES FROM THE ELGIN STORM

Children of Dr. Fred Gillett at Churches Where Others Were Injured—Home of Former Jacksonville Man Slightly Damaged.

When news of the great storm at Elgin came to Jacksonville Monday Mr. Charles P. Gillett and Miss Gillett were naturally very much concerned about their brother, Dr. Fred P. Gillett, who has for some years been a resident there. They were later relieved to find that none of the members of his family had been injured.

In a letter yesterday Dr. Gillett gave some details of the storm. One daughter of Dr. Gillett was in a basement room of one of the churches where several people were killed. Another daughter was at another church where several persons narrowly escaped injury from the wind blown timbers. At his home the roof and one porch were considerably damaged but the main part of the house

withstood the terrific wind.

Some idea of the velocity of the hurricane may be gained from the statement that storm windows on one side of the house were entirely torn away. The window was up a few inches in one room and the force of the wind as it swept by pulled thru the opening a silk dress that was on a nearby table. One part of the dress was found torn in shreds in a tree hundreds of yards distant from the house.

The Gillett home which is a substantial structure, was rebuilt at a comparatively recent date and it was because the materials were so solidly placed that it withstood the storm.

Dr. Gillett is on the staff of Elgin State hospital and when the tornado was at its height was at the dinner table with Dr. Hinton, formerly of Jacksonville State hospital. Word came to them that the roof had been torn from one of the barns and that a house near the entrance and occupied by an employee had been blown over. They made a hasty trip in a car to the damaged house and found the husband had been killed. The wife and one child were injured and the physicians gave them first aid and then took them to a hospital.

Dr. Gillett said that in the business district of Elgin there was hardly a store front undamaged. In one instance a Ford car which had been left standing on the

street pavement was picked up by the wind and blown clear thru a plate glass window. The property damage in the business and residence districts runs to enormous figures.

PULLMAN RATES ASCEND

Bloomington Pantograph: W. B. Clooney, agent at the union station received some more bad news yesterday. Pullman rates are up 20 per cent, effective May 1.

However, as it has been two decades or more since the sleeping car tariffs have been changed the traveling public will take the increase philosophically and express surprise that it did not come sooner, along with everything else. A few years ago the rates for an upper berth were lowered. Under the new arrangement, an upper will cost as much as the old rate for a lower. The increase does not apply to chairs in Pullman cars except that the minimum charge will be 50 cents. The minimum charge for a berth will be \$2. The old rate for a lower, Chicago to the Pacific coast, was \$14.04. The new rate will be \$16.81. The old rate, St. Louis to Jacksonville, Fla., was \$6.21. The new rate will be \$7.56. Other rates will be proportionately increased. For a lower, Chicago to New York, the cost will be \$7.20 against \$5.94.

DECATUR TEACHERS NOT CONTENT WITH RAISE

Decatur Review: Decatur public school teachers are emphatic in their opinion that in increase of \$900 per year is not sufficient. Questionnaires were sent to 104 teachers and 54 of them replied they will not sign contracts unless assured of an increase of more than \$200 per year. The remaining 50 say they are not willing to teach for that amount, but for some reason or other

BLUFFS GIRLS GLEE CLUB ENTERTAINED

Miss Faye Rees Entertains Members of Glee Club at Six O'clock Dinner—W. F. M. S. Meets—Other News Notes

Bluffs, April 1.—Miss Faye Rees entertained at a six o'clock dinner Monday evening, complimenting the Girls' Glee club. Covers were laid for ten at the prettily appointed table, the guests including the members of the Glee club and Miss Dinsmore and Miss Porhix of the High school faculty. The Easter colors of green and yellow predominated in the menu which was served in three courses, and in the decorations. The table was lighted by cathedral candles tied with green tulle. The favors were tiny nests, filled with Easter eggs and the place cards bore original limericks, describing some characteristic of each guest. Following the serving of the dinner, the evening was spent in music and conversation. The hostess was assisted in serving and entertaining her guests by Mrs. J. H. Stickler and Miss Zeta Merris.

The Freshman class has issued an invitation to the faculty and students of the High school for an "April Pools" party in the gymnasium Thursday evening.

The Foreign Missionary society of Bluffs met with Mrs. S. M. Carver as hostess Wednesday afternoon with eleven members and one visitor present. Mrs. J. C. Lewis read from a Missionary paper a brief history of Japan, touching upon her inhabitants, geographical location, customs, manners of the people and social etiquette. Many items of interest were explained in detail and the paper much appreciated for its instructive value. After the business session and at the close of the program, the hostess assisted by her daughter, Mrs. Janie Woodson and Mrs. Anna Arundel served a dainty luncheon. The next meeting will be held with Mrs. E. L. Kendall as hostess Tuesday, April 27th.

HEROIC TREATMENT OF WHEAT

A well known farmer said a neighbor bought in another part of the state a hundred cattle and by driving them across a man's wheat field he could save a day. The owner was a stranger but the cattle man approached him and offered to pay whatever might be asked for the privilege when, to his astonishment, the man told him there would be no charge as it would benefit the wheat though the ground was quite soft.

The cattle were driven over the field and tramped it up well but the owner still declined any pay.

Next year the owner of the cattle visited that part of the state, and, like an honorable man, called on the owner of the field being still willing to pay damages but the man told him the cattle passing over the field had been a material benefit—much increasing the crop.

The man telling the above story said he thought he would try it on a twenty acre field. He turned in a lot of stock when the ground was wet and mushy and the animals tramped it till one would suppose the crop was ruined but where the ground was tramped the worst the best wheat was found and the crop yielded 800 bushels or forty to the acre.

Last winter a friend of the writer was regretting the fact that a field of wheat sown last fall had been badly tramped by cattle when the ground was soft but a short time ago he said the crop looked fine.

LITERBERRY BAPTIST LADIES AID MEETS

Mrs. J. A. Litter Hostess at Regular Session Thursday Afternoon—Other News Notes From Litterberry.

The Ladies' Aid society of the Baptist church held the regular monthly meeting Thursday afternoon at the home of Mrs. J. A. Litter. There was a large attendance and the meeting was in every way a profitable one.

After the business session came a brief program in which many of those present participated. The president, Mrs. J. E. Underbrink, made brief remarks on the Scripture lesson of the afternoon, and an interesting paper given by Mrs. John Hunter concerned the Huddleston Orphans' Home at Irvington, Ill. An inspiring paper dealing with the general subject of optimism was presented by Mrs. Abe Dinwiddie, residing east of Litterberry. Short readings in connection with Mrs. Dinwiddie's subject were given by Mrs. Earl Rexroat, Mrs. Warren Daniels, Mrs. John Daniels, Mrs. Ellis Thompson, Mrs. Beryl Litter, Mrs. Walter Roach, Mrs. James Lowden and Mrs. D. K. McCarty.

At the close of the program the women enjoyed a brief social time and the hostess served most delicious refreshments.

The next meeting will be held May 6 with Mrs. Edna Thompson at her home in Arcadia.

Mrs. George Ratliff and daughter of Murrayville are visiting at the home of Mr. and Mrs. Alonzo Ratliff in Litterberry.

HEARING ANNOUNCED ON FREIGHT RATES

Utility Commission Invites Shippers and All Interested Parties to Attend Hearing April 14th.

During the last month of federal control of railroads, the United States Railroad Administration authorized certain increases in freight rates on Illinois intrastate traffic and the substitution of the Official and Western Classifications for the Illinois Classification. These changes became effective February 23, 1920.

Numerous complaints alleging discrimination and unreasonableness of rates and violations of the long and short haul clause of the Illinois Act have reached the Commission as a result of the operation of the new rate adjustment. It is alleged that widespread injury to Illinois commercial and industrial interests is thus being wrought.

In view of these representations the Commission, upon its own motion, is preparing to enter upon a full inquiry into the Illinois rate situation as a whole.

All Illinois railroads have, therefore, been cited to appear before the Commission at its Chicago office, Room 730 Insurance Exchange Building, at 10 a. m., April 14, 1920 to show cause why they should be permitted to continue applying the Western and Official Freight Classifications and rate scales exceeding the Illinois maximum scale and why a different classification and a different scale of rates should not be substituted therefor.

Shippers of Illinois are urged to interest themselves in the proceedings to be inaugurated with this hearing, in order that a just, reasonable and nondiscriminatory scale of rates may result therefrom.

Personal Pride vs. Team Work

Success to the Illinois College Campaign for \$500,000

We all wish it, of course-- We can bring it about too, of course--

If TEN men should give \$10,000.00 each Morgan County's quota would be raised.

If TWENTY MEN should give \$5,000.00 each--

If FIFTY MEN should give \$2,000.00 each--

If ONE HUNDRED should give \$1,000.00 each-- "OLD ILLINOIS" WOULD BE PUT ON HER FEET.

We can't all give \$1,000.00 but can ALL DO SOMETHING.

Don't refuse to give because you can't give as much

as some one else, or because your gift might LOOK small--That is PERSONAL PRIDE interfering with TEAM WORK, and TEAM WORK WINS.

Remember that your NAME will count, just as much as any other name, in making up the long list of subscribers who are BOOSTING FOR "OLD ILLINOIS."

Let's make the list at least 1,000 strong. Such team work, such LOYALTY on the part of Morgan County's citizens will be the strongest argument to influence donors living at a distance.

Join the Team, Get Into the Game.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather To Face the Facts.

IN 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

SENATOR SPENCE TO TALK HERE SATURDAY

Will be Speaker at Women's Lowden Meeting at the Court House.

A great deal of interest is being shown by Republican women of Morgan county in the candidacy of Gov. Lowden. Mrs. J. H. Danskin who is vice chairman for the county, is now engaged in the organization work and is finding that in both the city and country precincts there is practically no opposition and most of the Republican women hereabout are for the Illinois governor as presidential candidate.

Arrangements have been completed for the mass meeting to be held at the court house Saturday afternoon at 2:30 o'clock. The speaker will be Senator W. E. Spence of Metropolis. He is a well known member of the Illinois general assembly. It was the hope that Supt. Blair could also be here to address the meeting but he is now engaged in Lowden campaign work in the southern part of the state.

SCHOOL GIRLS HAVE NARROW ESCAPE

Horse Runs Away and Overturns Buggy—Vehicle Demolished But Occupants Escape Injury.

Murrayville, April 1.—Three daughters of Peter Wilson, a farmer residing near here had a narrow escape from serious injury and perhaps death this afternoon when a horse they were driving became frightened and ran away.

The girls all attend the Murrayville school. After school today they went to get their horse, which was tied to a hitch rack in the business section, to return home.

A horse belonging to J. K. Cunningham was tied next to the Wilson horse. In turning the Wilson rig collided with the Cunningham horse. The latter was knocked down and badly frightened. The Wilson horse bolted and ran away.

All of the young women were thrown out of the buggy which overturned. Fortunately, none sustained any injury. The buggy, however, was totally demolished.

ELKS JOLLIES OF 1920 PLEASED BIG AUDIENCE

Presented By Large Local Cast at Grand Opera House Thursday Night — Performance Will Be Repeated This Evening.

After a lapse of two years Jacksonville Lodge of Elks again presented the Elks Jollies to local theater patrons at the Grand Opera House Thursday evening.

The Jollies of 1920 were pronounced by the large audience present as the best that has ever been given. That is saying a great deal when it is remembered that all of the performances of the past were of high class.

The show was given under the direction of the Joe Bren Production Company of Chicago, which has staged several of the Elks shows. This assured a finished performance in every detail. It is really marvelous how much can be accomplished in so short a time.

When the curtain went up last night on the minstrel first part every seat in the theater was filled. The offering of 1920 is perhaps the most ambitious ever attempted by the Elks or staged by the Bren Company.

Paul P. Thompson served as intellucutor in the minstrel first part. The program was made up of songs and dances and jokes by the end men. All of the old favorites and some new ones won instant favor.

The inside fun was the title of the second part of the performance. The scene was the lobby of the Inn. This was a tabloid musical comedy and served to give opportunity to introduce a number of song hits and some good dancing with a special feature by Catherine Goebel.

Alex Robb then appeared in a monolog entitled "This and That." Mr. Robb is a member of the Joe Bren Company and a clever performer.

An Oriental Fantasy was the title of the closing number. The scene was laid in the palace of the King of Gazook. The title role was played by Walter Schrag.

Several clever musical numbers and dances were introduced in this number that pleased.

The Jollies will be given again this evening. There has been a large seat sale for the performance this evening and with the nervousness of the first night worn off the show should be even better than on the opening night.

HOME OFFICES PLANNED FOR THE CLOVERLEAF

IMPOSING STRUCTURE PROJECTED FOR THIS YEAR.

Specifications Will Soon be Submitted to Contractors—Contract Will be Awarded if Figures are not Prohibitive—Company's Business Grows.

Plans and specifications for the proposed home office building of the Cloverleaf Insurance & Casualty Co. have been drawn and a comparatively early date bids for construction will be asked and according to a statement made yesterday by F. H. Rowe, president of the company, the work will proceed unless the estimate of cost makes it seem wise to postpone building to another year.

At present the home office is located in the building the company owns at 306-308 East State street. This has a frontage of 40 feet and a number of months ago the company purchased three lots extending west from the present building to East street. This purchase provides an additional frontage of 60 feet. The depth of the lot is 120 feet. The plans show a handsome and imposing structure in prospect. The building is to be 60x120 feet in general dimensions, three stories high and with a finished basement extending clear out to the south line of the sidewalk.

Main Entrance on State Street. There will be two ground floor store rooms and the main entrance will be in the center of the building on the East State street side. The second floor will be in one spacious room with display windows extending down to the floor line. The plan is such that this room 60x120 feet in its general dimensions, will afford far the largest amount of window display space of any building in Jacksonville. The third floor will be devoted to offices of the company and will be used in addition to the building now occupied.

The present building is two stories high and it is the purpose of the company at some later date to erect a third story on this building and to make the East State street front conform in appearance to the frontage of the corner building.

The basement room will be finished in a very complete way and is intended particularly to house the printing department of the company. Three presses and a number of workmen are now constantly employed in this department. The basement is also expected to provide an assembly room which can be used by the resident employees of the company or when there are general meetings of agents or officers of the company.

Bedford Stone or Brick. Bids will be received for the construction of a building of Bedford stone and with brick, and which ever proves the more economical will be used when the contract is awarded. The walls will be covered with terra cotta for a space just below the display windows of the second story and this will add very much to the general artistic effect of the building.

The plans were prepared by Puckey & Jenkins, Chicago architects who specialize somewhat in construction plans for such buildings. On the ground floor the east room will be 20 feet in width and extend the full length of the building. The corner room will have a State street frontage of 20 feet and extend clear to the north end of the building, but will also include the space in the rear of the main elevator entrance to the building. This will make the corner room have a width of 40 feet for a considerable distance.

The plan provides for a covered alleyway and the second and third floors will extend 15 or 20 feet farther north than will be true of the ground floor rooms. The covered alleyway will have a width sufficient to make an easy passage-way for trucks or transfer wagons.

The Cloverleaf Life and Casualty company is now employing 40 people in the home offices and besides has numerous resident agents. The company is doing business in 17 states and the total list of employees in all departments would show about 800 names.

Business Broadening. Mr. F. H. Rowe recently returned from an extended business trip and as a result the company is doing business in five additional states, Iowa, Nebraska, Colorado, New Mexico and Texas. With passing time the company is employing more and more people and today it ranks as one of the most important business enterprises of Jacksonville.

At the beginning of the year the slogan for agents was "\$1,000,000 new business in 1920," and it is pleasing to note that the record for three months indicates that the goal will be not only reached but passed before the last days of December come.

It goes without saying that the business men and property owners of East State street are sincerely hoping that the cost estimates will be such that the building can be erected this year. While the structure will be a very distinct ornament to East State street, it will also be an addition to the business structure of Jacksonville in which the whole city can take pride.

TEMPLE ENCAMPMENT CONFERRED DEGREE

Class Initiated Thursday Evening—Two Officers Installed—Supper Followed Work and Business Session.

Five candidates were given the Patriarchal Degree by Temple Encampment at the regular meeting in Odd Fellows Temple, East State street, Thursday evening.

There was a number of candidates who intended to take the degree but were unable to get to the meeting because of the rain. Grant Mader, Edward Munze, W. C. Cowper and John Shillinger of Winchester, all members of Temple Encampment drove over from Winchester and attended the meeting. Another automobile load started but turned back for fear of being caught in a storm.

Those taking the degree were: John Jenkins, J. R. Hull, E. L. Craft, Roy DePrates and L. H. Mason.

J. Marshall Miller who was elected Chief Patriarch last January had never been installed because of a long illness. He was installed with due ceremonies. Elbert C. Brasel, Junior Warden was also installed and the following appointive officers:

JUSTICE COURTS

William Douglas, William McDaniel and James Berry were arraigned before Justice Opperman Thursday afternoon on the charge of stealing the automobile of Dr. George F. Dismore.

The men waived examination and Justice Opperman fixed their bond at \$500 each. McDaniel gave bond but Douglas and Berry being unable to give bond were committed to the county jail.

These men were arrested early Thursday morning by Capt. Elliott and Patrolman Williams and Stewart. They will be the first to be tried under the new motor vehicle law recently passed by the legislature.

The new law is more drastic than any ever passed in this state. Under former laws it was necessary to prove intent in a case of larceny. Under the new motor vehicle law possession of an automobile without the consent of the owner is a felony.

of 1917. He filled the pastorate ably and well, and he with his wife, formed many warm and lasting friendships during their stay here. Many friends hear with regret the news of Rev. White's death.

The remains of Mrs. Henry Dixon, whose death occurred at Medora Friday were brought to Manchester Sunday where funeral services were conducted at the Baptist church. The remains were accompanied by the husband, Rev. Henry Dixon and half sister, Miss Edna Beebe of Wright. Appropriate music was furnished by a choir composed of Mrs. E. O. Hess, Mrs. William Arendell, Mrs. J. H. Langdon, E. L. Maine and Morgan Story. The scripture was read by Rev. Fred Peck, Rev. O. W. Shields gave the sermon, which was very fitting and inspiring. The bearers were: William Arendell, Charles Thady, William Long, Frank Blackburn, William Duncan and James Smith. The floral offerings were cared for by Misses Susie Windsor, Ollie Walker, Hazel Duncan, Lucille Antrobus, Ada Greenwalt and Nellie Smith. The remains were laid to rest in Bethel cemetery, north of Manchester.

Mrs. Josephine Rochester was pleasantly surprised Sunday by members of her family, the occasion being in honor of her seventieth birthday. A sumptuous dinner was served at noon and the afternoon was enjoyed socially. Those present were: James Rochester and family and Mr. and Mrs. A. B. Rochester and family of Roodhouse, Mrs. L. A. Forester of Hillview, Miss Hazel Walker of Jacksonville, Mr. and Mrs. Glenn Funk, Miss Goldie and Eugene Rochester of Manchester, Miss Hazel Walker of the Illinois Woman's college, Jacksonville, was a guest at the home of her uncle, Edward Walker and family Sunday and Monday.

SCHOOL ELECTION IN BLUFFS SATURDAY

President and Two Board Members to Be Elected—Residence Properties Change Ownership—Other News Notes.

Bluffs, March 31.—Floyd Hierman has purchased the Mrs. Margaret Tewksbury residence in the west part. Consideration, \$3,500.

Lee Baird has purchased the Mrs. L. S. Black cottage in the west part. Consideration \$3,000. The cottages are located side by side, are practically new and are splendid homes.

Dr. and Mrs. E. D. Cannatsey and daughters of Jacksonville were business callers in town Tuesday.

Mrs. Charles Williams of Naples was a visitor in town Monday.

A school election will be held Saturday, April 17th for the purpose of electing a president and two members of the school board. Petitions filed Monday were one day too late to be valid. Blank tickets will probably be used at the polls upon which the candidates names may be written.

Rev. E. D. Palmer pastor of the M. E. church was promised \$500 towards cancelling the \$1,000 debt upon the parsonage if he could raise the remaining \$500 by June 1st—is making good and has at hand almost the required amount.

The parsonage is a modern two story dwelling and built when Dr. E. D. Cannatsey was one of the trustees of the church, he being one of the principal factors in having it built. When the doctor and his estimable family located in Jacksonville, Bluffs lost valuable citizens who ever had the best interest of their community at heart.

Lee Baird has purchased the Mrs. L. S. Black property on Stanton street in the west part and will occupy same as soon as possession can be given. Consideration \$3,000.

L. S. Black came down from Springfield Saturday and remained until Tuesday with his family here.

Mr. and Mrs. John Pine will occupy the J. E. Likes building on Main street now occupied by Mrs. John Allen and daughter as soon as possession can be obtained. Mrs. Allen and daughter are contemplating moving to Jacksonville as there are no vacant houses here.

With small cottages renting at \$15 per month this should be a good place for the landlord to reap good harvests by putting up tenant houses or good flats.

THE 71st MILESTONE OF JOHN HADDEN

March 21st, 1849, near Scarborough, Yorkshire, England, a little boy saw the light of day for the first time. John Hadden was his name and he was reared in the way he should go and has not departed from it.

When twelve years old he joined the Mortimer boys and sailed for the new world, landing here in time to see the great contest between Grant and Seymour for president. The campaign was something wholly new to the English lad and he was much interested in the "Tanners" as the clubs were called, and he has never forgotten the time.

He was first employed by William Willerton and later by Robert Riley, west of the city, and when he had accumulated a snug sum he went back home in 1872 for his younger brother, James, who lives in this city. He would have liked to bring his parents and his father would have been willing but not his mother, so they remained on the tight little isle. February 20, 1878, he was married to Miss Jennie E. Groves and theirs has been a household in which the law of the Master has ever been the rule and guide.

They are the parents of two sons, Charles E., residing on a farm belonging to Dr. Grace Dewey, and William G., on the home place.

Mr. Hadden is one of the pillars of Ebenezer church and Sunday school and very rarely fails to attend all services and when not there he has a good reason. For ten years he was superintendent of the Sunday school and is today a valued member.

Tho past his three score and ten he bids fair to be with his friends for a good while to come as such sturdy English stock is long lived. He is a sample of what may be accomplished by industry, integrity and kindness.

HOT CROSS BUNS FEDERAL BAKERY

CANDIDATE FOR COMMITTEEMAN

I hereby announce my candidacy for Republican committeeman in district No. 16, subject to the primary election.

C. O. BAYHA.

INTERESTED IN PRESENT DAY FARMING

C. L. Hawks and Charles Gibson, Co-Workers Thru Period of Years—Specialize in Raising Pure Bred Livestock.

C. L. Hawker is one of the progressive farmers and stock men of Morgan county and is greatly interested in all the forward movements in agriculture and animal husbandry. Mr. Hawker is a long time friend of Charles Gibson, also a well known Morgan county farmer. The two graduated from DePauw university in the same class and afterward were roommates in Chicago for several years.

Both were doing successful work in engineering but decided to take up farming and Mr. Hawker came with Mr. Gibson here to Morgan county. A year

or two since he purchased the M. S. Seymour farm in Providence neighborhood but this year is living on the McDevitt farm near Rees Station, which he has under lease. This is a 240 acre tract.

Mr. Hawker believes in the Illinois system of agriculture that is, the rotation of crops and the application of limestone and phosphates, particularly for the purpose of growing legume crops and thus maintaining soil fertility. He specializes to some extent in animal husbandry and has thoroughbred Short Horn cattle and thoroughbred Duroc Jersey hogs on his farm. He bought a number of the best Duroc Jersey hogs offered at Lester Reed's recent sale and his hog houses now are well filled with animals of the best breeding.

In the sheds and yards there are now more than 100 of these Duroc Jerseys and quite a number of his best sows are still to

farrow.

Mr. Hawker makes no pretense of running an extensive Short Horn livestock farm but is gradually developing this branch of his business. This work is used advisedly for farming today is a business and one which requires both knowledge and industry. While Mr. Hawker and Mr. Gibson are not associated as partners, they are close friends and have occasion for frequent consolidation in their farming and livestock operations.

There has been a distinct improvement in farming methods in Morgan county in the past year and it is thru the farm organization and thru the influence of the type of Mr. Hawker and Mr. Gibson that these forward movements have been adopted.

After the Easter Service

Lent is over! Once more we can have a big, hearty dinner with all the good things we want.

And bread, for such a meal, as for all meals, is of course indispensable.

In the thousands of homes where Valier's Enterprise Flour is used, that bread will be extra fine.

Crisp, golden-crusted loaves that make your mouth water just to look at them can surely be counted on.

And the reasons are as simple as the flour is good.

Valier's Enterprise Flour

is ground in clean, sun-lit mills from the finest, hard-winter wheat grown. Special care is taken to retain all the exceptional baking qualities which only such grain can have.

And repeated sifting through silk adds remarkable fineness.

The result is a masterpiece of modern milling skill—a flour pre-eminently suited for fine baking of all descriptions.

Its slightly greater cost per sack is inconsequential. It is quality insurance, more than repaid in the long run by better baking and

Daily Market Report

STOCK MARKET

DULL AND HESITANT

(By the Associated Press)
NEW YORK, April 1.—The Easter recess and the attitude of the stock exchange authorities toward bulls as suggested by the Stutz Motor episode were primarily responsible for today's dull and hesitant market. Traders derived some encouragement from the comparative ease of call money which opened at eight percent but closed at 106 percent.

This was offset, however, by the greater scarcity of time money, which was notably unchanged, but actually unobtainable except for moderate amounts mostly in the form of renewals.

Dealings in the leading foreign exchange remittances were unusually light. Half a score of issues made up the bulk of the day's small turnover. Crucible Steel and General Motors being the most prominent of the recent favorites.

Crucible Steel advanced within a 10 point radius and closed at a loss of 1 1/2 points. General Motors was less erratic, closing at a gain of 5 1/2, while other issues, mostly in the form of renewals, were finished at irregular, but moderate gains or losses.

Rails and shippings were dull but mainly higher.

Sales amounted to 600,000 shares.

Bonds were heavy, especially high grade rails, including Pennsylvania 5s and 4 1/2s. Liberty 3 1/2s also yielded, but foreign issues, notably United Kingdoms of 1937 hardened. Sales (par value) \$12,525,000.

SHARP UPTURNS

IN CORN MARKET

CHICAGO, April 1.—Bullish estimates regarding wheat did a good deal to bring about sharp new turns in the price of corn. The market closed strong, 2 1/2 to 3 1/2c higher, with May \$1.13 1/2 @ \$1.14 1/2 and July \$1.14 1/2 @ \$1.15 1/2. Oats gained 3/4 to 2 1/2c. In provisions, the outcome varied from 5c decline to 50c advance.

Fresh strength in the corn market developed simultaneously with announcement that a leading expert had figured the winter wheat crop condition as the lowest at this date in more than ten years since one exception. Besides his report suggested that a consequent abandonment of winter wheat fields in 1920 would reach the immense total of 5,000,000 acres. Heavy buying on the part of houses with western connections took place and soaring of prices continued apparently unchecked.

July and September deliveries touching the highest point yet this season. Likelihood that congress would declare the war with Germany at an end persisted as a factor on the bull side.

Oats followed corn upward. May and July oats reached a new high level for the season. Provisions averaged higher mainly owing to the stock yard strike the settlement of which did not become known until after the provision.

DON'T FUSS WITH MUSTARD PLASTERS

Musterole Works Without the
Blister—Easier, Quicker

There's no need in mixing a me-
di of mustard, flour and water when you
can easily relieve pain, soreness or stiff-
ness with a little clean, white Musterole.
Musterole is made of pure oil of
mustard and other helpful ingredients
combined in the form of the preser-
vative ointment. It takes the place of
mustard plaster, and will not blister.
Musterole usually gives prompt relief
from such throat, bronchitis, tonsillitis,
croup, stiff neck, asthma, neuralgia,
headache, congestion, pleurisy, rheuma-
tism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frost-bitten feet, colds
of the chest (it often prevents pneumonia).
25c and 50c jars; hospital size \$2.50.

Caused by
Acid-Stomach

That bitter heartburn, belching, food
repelling, indigestion, bloating after eating—
all are caused by acid-stomach. But they
are only first symptoms—danger signals to
warn you of actual troubles if not stopped.
Headache, biliousness, rheumatism, eczema,
fatigue, listless feeling, lack of energy,
dizziness, insomnia, even cancer and ulcers
of the intestines and many other ailments
are traceable to ACID-STOMACH.

Thousands—yes, millions of people who
ought to be well and strong are mere weaklings
because of acid-stomach. They really
suffer in the midst of plenty because they
do not get enough strength and vitality from
the food they eat. Eat give your stomach a
chance to do its work right. Make it strong,
cool, sweet and comfortable. EATONIC
brings quick relief for heartburn, belching,
indigestion and other stomach miseries. Im-
proves digestion—helps you get full strength
from your food. Thousands say EATONIC
is the most wonderful stomach remedy in
the world. Brought them relief when every-
thing else failed.

Our best testimonial is what EATONIC will
do for you. So get a big box of EATONIC
from your drug store. If you're not pleased, return it and get your
money back.

Corn Pain Stopped Quick

"Gets-It" Loosens Them So They
Lift Off in a Jiffy.

The corn pains cease as soon as
a few drops of "Gets-It" reach the
corn. It goes out of the hurting
business forever.

For a day or so the corn remains,
getting looser and looser and with-
out a twinge from it. Then, it gets
so loose that you just lift it right
off, without even feeling it, and
cast it away. That's how easily and
simply "Gets-It" disposes of the
corn nuisance.
"Gets-It," the unfailing, guaran-
teed money-back corn remover,
costs but a trifle at any drug store.
